## Masterclass Day 1

# Let's get started

## Prerequisites

- Get the step-by-step guide and asset bundle:  
<https://assets.notjust.dev/ios-lockscreen>

React Native.

Why?

Because we can 😊

And this is a great learning opportunity. By working on the best (Apple team), we can improve our developers.

The most exciting part of this project is th...

Let's get started! 🚀

All    By topic    Table

### Task list ...

UI 7

UI-1: Initialize the project

UI-2: Import the assets

UI-3: Image Background

UI-4: Data and time UI

UI-5: Footer

UI-6: Dynamic time

Animations 4

A-1: Get started with Reanimated

A-2: Layout Animations

A-3: Custom animations

A-4: FlatList Animations
